2. Feedback on your Teams (managed by you):

- Not applicable

3. Feedback on your Colleagues (Not managed by you, but you interact daily with them for work, need your comment even if you have engaged for short period):
- It is very pleasure to work with all CT team Members
- They are very helpfull and dedicated
- They are very helpfull for me in many cases even they are busy
- The work very hard and delivered the project in correct time
- They are very interested to learning new technologies
- They learn the things very quickly and implemented in a very easy manner without mistakes

4. Feedback on your Managers (likes and dislikes, honest opinions):

- Its my great pleasure to work with the sir
- He is very well talented and inspirable person
- He guide the team in a positive way
- He Encourages the new implementations and new ideas and provie the suggestions to Implement that ideas
- He is highly talented in all perspectives and He constantly mentored me and corrected in a proper way in developing process.
- He will give permanent solution for any problem within a short period of time and encourage us to resolve that proble,

5. Feedback on company and infrastructure:

- Its my great honour to work with cartrade family
- Cartrade provides me the good environment where i can improve my communication skills and technical skills
- Cartrade provide good employment opportunities to so many candidates but if cartrade provide the opportunities for freshers then so many unemployed persons life also saved
- The progressive ideas of the company would definetly inspire every individual to prosper, techically, skillfully and indivudually.
